

SECOM-D-048/81

16 March 1981

MEMORANDUM FOR: Chairman, Security Committee

FROM: [REDACTED]

SUBJECT: SCI Shared Facilities

1. I attended Maynard Anderson's Pentagon meeting on 12 March 1981 on seeking agreement to increase cognizant agency responsibility for shared military SCI facilities. Messrs. [REDACTED] were there. DIA was successful in eliciting general approval from the services. They recognize the shortages in resources all suffer and the benefits to be gained by allowing one another to do facility inspections.

2. In an effort to broaden this concept, Anderson secured [REDACTED] willingness to receive a memo from the OSD asking for formation under the DCI Compartmentation Committee of a Facilities Inspection Working Group.

3. Two other aspects were of note. First, it appears that DIA requires each of the military services to send in a new facilities certification appeal (accompanied by considerable paper work) each time TK is to be included in the holdings of an already existing and certified SCI facility. They claim this is a CIA requirement [REDACTED]. It is true and I suggest we change this requirement now. If you agree, the attached memo gives C/SSC authority to work out the details. [REDACTED]
